

Creating Custom Price Graphs

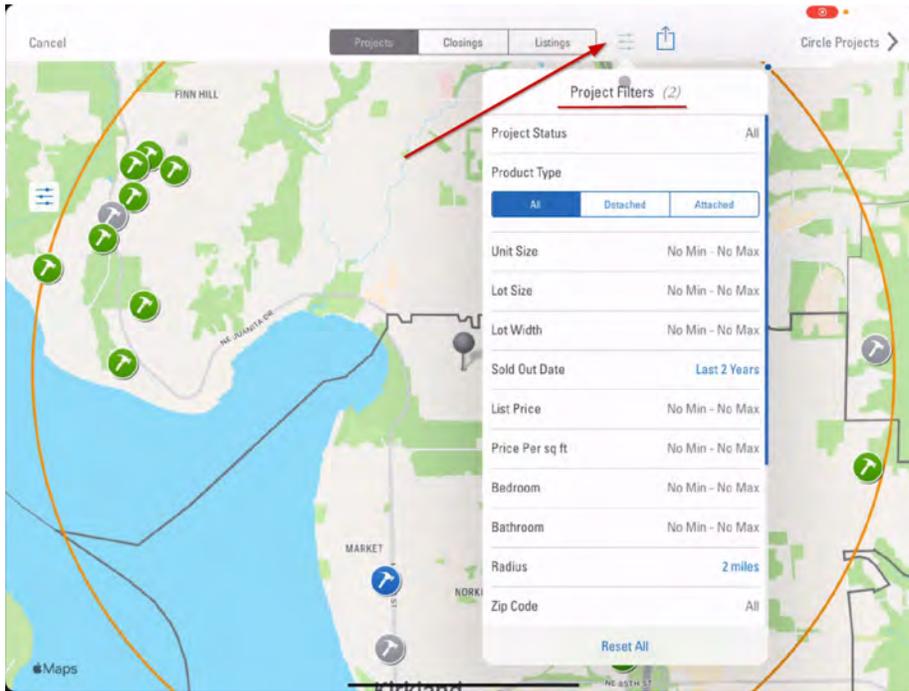

Step 1 – Type in a location to drop a site pin.

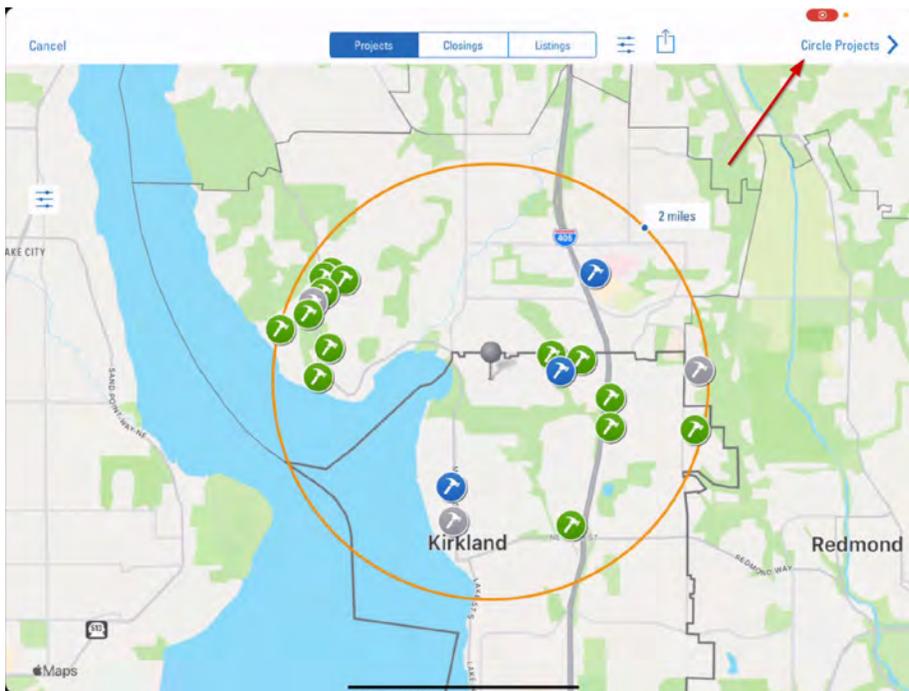

Step 2 – Once the pin drops, click on Add Price Graph.

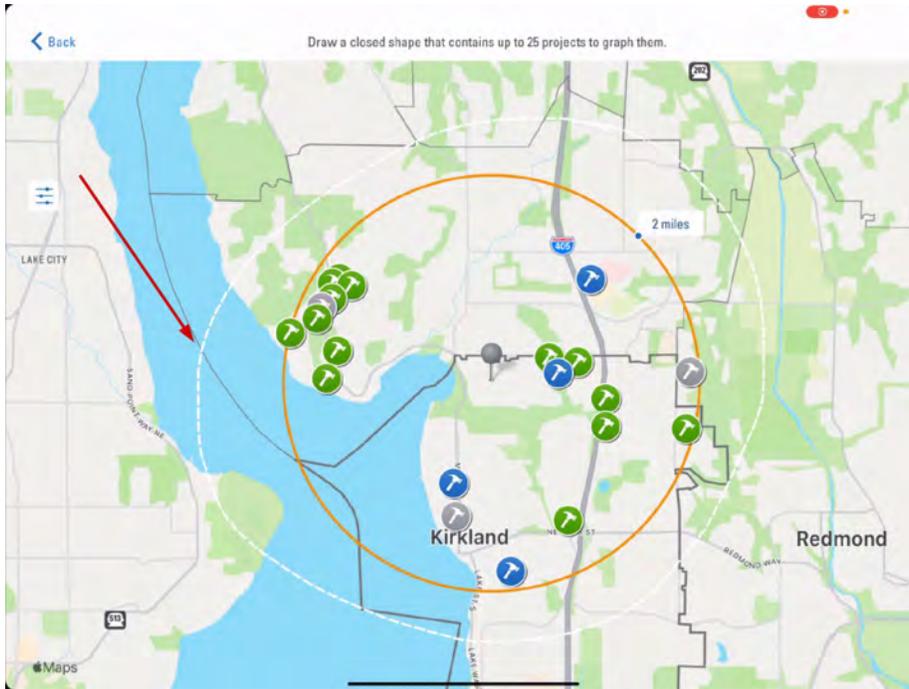

Step 3 – Select your desired filters.

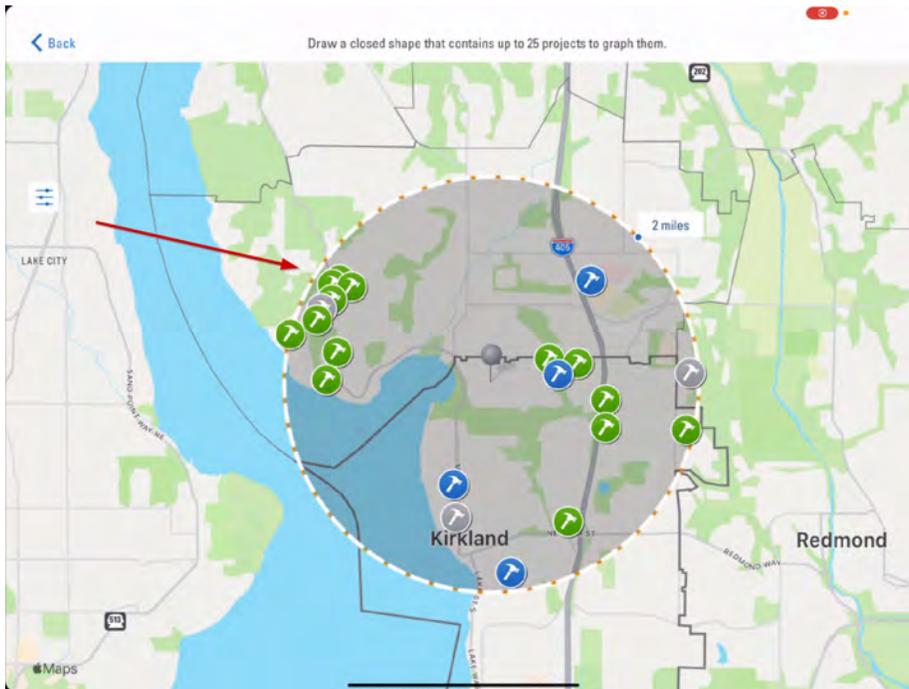

Step 4 – Pinch the screen to see the entire circle, then click Circle Project.

Step 5 – With your finger draw a circle around the orange circle.

Your drawn circle will snap back to the orange circle radius.

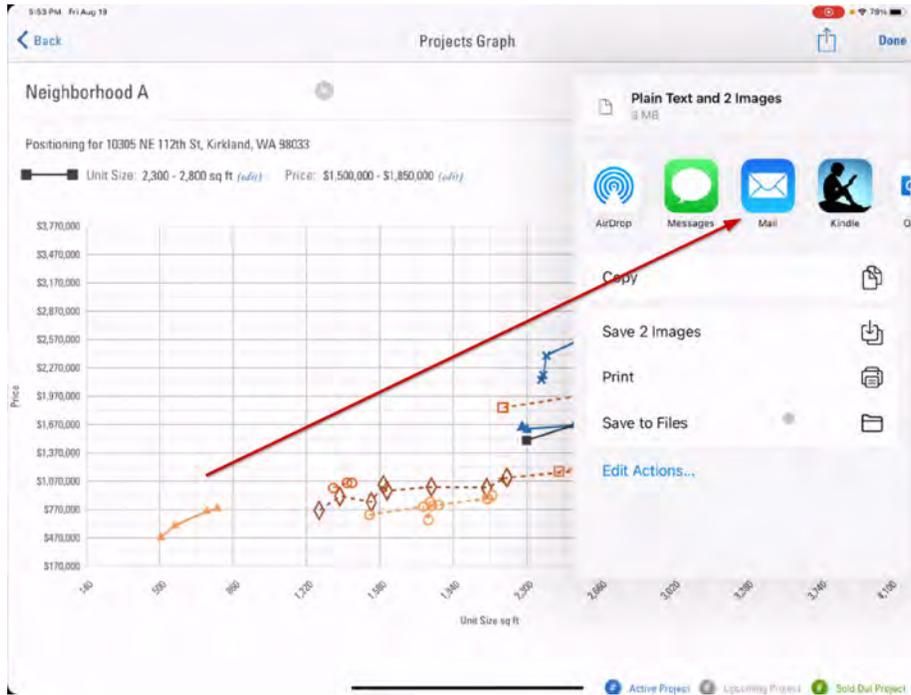

Step 6 – When the price graph appears, use your finger to trace a line of the Unit Size & Price of the project you want to compare.

Step 7 – Edit the project's Unit Size & Price here.

Step 8 – Email yourself or save the graph image.

Step 9 – You can create three types of price graphs: Project Graphs, Closing Graphs, and active Listing Graphs that you can add to your Site Reports.
